AMERICAN OVERSIGHT

Hi,
My name is Sarah Hubert. I am a constituent in Brooklyn, NY. I'm writing today to discuss the Paris Climate Agreement.

Politicians from both sides of the aisle have agreed that climate change is a growing global crisis that threatens the health, well-being, and security of every human being on the planet. The 2016 ratification of the Paris Agreement was an unprecedented global response to climate change. The Agreement's 143 signatories, including the United States, formally committed to reducing their greenhouse gas emissions to slow the pace of climate change. When the United States ratified the Agreement last October, President Obama remarked, "If we follow through on the commitments this agreement embodies, history will judge it as a turning point for our planet." Withdrawing from the Agreement would represent a very different kind of turning point--a moment when our nation refused to meet the pressing threat of climate change head-on, committing instead to protecting the interests of fossil fuel companies.

I'm urging the United States to remain a signatory to the Paris Climate Agreement. For the sake of our economy, health, and national security, the United States must continue to lead the global fight against climate change.

Thank you for your time and consideration.

Administrator, thanks very much. I was disappointed cause I was looking forward to seeing you plus I was with several highly successful and respected biotech execs and we had an important issue to discuss and inform. Would it be possible to reschedule and come back to DC to see you sometime in the next few weeks ? Be safe and thanks for your leadership and service to our country. Warm regards Roy
Absolutely. And we can do it as soon as it fits with your schedule. Let me know some dates and I will ensure it gets coordinated. Look forward to it, and again, apologies.

Great! On all fronts.
RJ -- pls add Samantha to our scheduling meetings. Thank you.
Ok. What scheduling meetings?
Whatever mtg is occurring to process meeting requests, etc, or scheduling generally, if those are happening.
Oh yeah sure. Anyone is invited actually. They are excruciating .
I bet they are fun.
She may not come a second time.
Hahaha.
Good word from Tina Neville. See following:
You're doing an excellent job. Thank you - sincerely - for being my Christian political mentor.
This morning met with Taiwan Amb/Rep to US regarding trade and was in Calgary on Monday to meet Alberta Minister of Energy. Ready to use these diplomacy skills and contacts for EPA.
I keep forgetting to call Doug. I'll give him a call this weekend. I got the same message from DOJ. You may want to just give that number a call back. They'll directly connect you to sessions. I'll track down a number another way too
You'll receive a call in just a moment from Jeff sessions.

Subject: [WARNING: SPF validation failed] Regulate chlorpyrifos, diazinon and malathion

EPA Administrator Scott Pruitt,

As you are aware, numerous government studies have found the organophosphate pesticides chlorpyrifos, diazinon and malathion to pose serious risk to nearly 1,800 endangered or critically threatened species.

Dow Chemical, manufacturer of chlorpyrifos, is urging your agency, as well as the Fish and Wildlife Service and the National Marine Fisheries Service, to ignore this science.

I urge you to accept the science at hand and your responsibility to protect endangered species whose existence and habitat are jeopardized by pesticides, and regulate chlorpyrifos, diazinon and malathion.

Sincerely,

Dario Mejia

I am outraged by the president's decision to scrap the climate change agreement.

What's wrong with this man: he states we're going to get out then we're going to negotiate. What the hell?

These kinds of decisions reflect a man who is incapable and incompetent to run this country. He doesn't have a clue to what he's doing.

The EPA needs to step up and get smart and move past these ignorant decisions. Our country is in serious trouble and the world is laughing at us.

Thank you Scott. She was voted out of committee Yesterday and hopefully goes before full Senate next week. We will be in DC next week and have been cleared to have the "long awaited" dinner with you and Ambassador McNaughton if your schedule permits. We are open Mon thru Wednesday next week.
Also I understand you maybe in my hometown of Hazard around noon on August 29 with Majority Leader McConnell -- My Company has a stakeholders meeting for our suppliers and customers the evening of the 29th in Henderson Ky and would be honored for you to come and speak to that group. If available I can provide transportation to make the logistics work for you. Let me know if the dinner or visit to Henderson are doable.
How all is well!!

Great visit. He basically said it's an appt you be happy with. I asked about salary range. He said he needed to talk to you. I would need to try to get as close to 200 as possible to afford it. Not sure what the ranges are.
I will chat with him on numbers. A lot of it is outside our control. The folks who are hired literally submit a professional history of experience and salaries, and then someone reviews from some oversight perspective and provides a range, as I understand. It has been a challenge for Ryan. I am quite sure it would be a healthy number, but I am not that privy to how it works. I just know it's cumbersome. Whether it would get to 200k is unknown.

Hope you have fully recovered and had a great 4th! The Williams PAC Board is meeting in D.C. on September 21 at the Capitol Hill Club. In the absence of something coming up, I plan to be there. Any chance you could be our keynote? We'd love to have you at lunch around 11:30, but we'd also be happy to rearrange the schedule so that you could speak at breakfast or anytime during the day. John Sullivan might have already reached out to you. I'm the Exec that oversees the PAC so when our PAC manager told me this morning that you were her first choice to speak and she had asked John to reach out, I told her I'd text you as well. Lane

Strong report which I've conveyed to the WH:

EPA has conducted initial assessments at thirty-three Superfund sites in the impacted areas using aerial images as well as direct contact with companies who are responsible for on-going cleanup activities. EPA has determined that twenty-eight Superfund sites in the area do not show damage or excessing flooding associated with the storm. EPA determined that seven sites have been flooded and/or possible damaged by the storm. Of these sites, two have been inspected and determined not to require emergency cleanup although additional sampling in the area will be conducted. Five sites including San Jacinto Waste Pits Superfund Site have not been accessible by response personnel. However â€“ teams are in place to investigate possible damage to these sites when flood waters recede further. San Jacinto Waste Pits Superfund Site has a temporary armored cap designed to prevent migration of hazardous material and the cap will be inspected as soon as it is safe for teams to do so. Based on forecasted river conditions, this inspection by boat is planned for Monday. EPA has dive teams to survey the cap underwater when conditions allow.

9:00AM- 10:30AMCST	Tour and Meeting with Ardagh *Dress*: Business Casual ***Topic:*** "In 2014, Ardagh purchased Saint-Gobain Containers. Prior to that purchase, in 2010, Saint-Gobain entered into a Global Consent Decree with EPA to decrease emissions from their 29 furnaces. EPA and Saint-Gobain agreed to a long term schedule for emission controls at each of their plants. Saint-Gobain was the only glass container manufacturer to sign such an agreement with EPA. Ardagh has invested $95M in capital to install emissions controls and equipment under the Global Consent Decree. Since 2010, NOX, SOx and particulate matter emissions have been reduced significantly in the plants. The last major projects under the Global Consent Decree are scheduled for 2018. Sapulpa is one and Lincoln, Illinois is the other. Lincoln is unusual because it has only one furnace compared to the more typical 2 – 3 furnace operations (Sapulpa has 3 furnaces). Installation of the required emissions control equipment in Lincoln would essentially make that plant not commercially viable. Moreover, Mexican and Chinese manufacturers ability to undercut the market, due to the fact they don't pay good wages to their employees, they don't have the environmental and business compliance costs we do, nor do they deal with spiraling healthcare costs, has led to a decline in North American glass container manufacturing. Ardagh has had to shut down one plant in Salem, New Jersey in 2014 and has idled a furnace in 2017 at its Wilson, North Carolina plant. We are looking for ways to keep Lincoln open. Ardagh has ambitious plans to invest in its US manufacturing network—and Sapulpa in particular—to compete successfully against growing foreign competition. Ardagh would like to discuss ways in which it can meet its environmental compliance obligations while retaining the operational flexibility to compete in this market." ***Location***: 1000 N. Mission Street Sapulpa, Oklahoma 74066 ***Staffing***: Forrest ***Attendees:*** Nick Hewitt – Chief Financial Officer, Ardagh Glass Inc. Mick Leahy – Chief Operations Officer, Ardagh Glass Inc. BIOS:

Chuck Soderberg – Executive VP, Iowa Electric Cooperative

Chuck Soderberg of Le Mars has been selected as the new executive vice president for the Iowa Association of Electric Cooperatives (IAEC); he started Sept. 8. Current IAEC executive vice president Brian Kading retired earlier this month, after a 33-year career at the organization.

Soderberg has been employed by Northwest Iowa Power Cooperative (NIPCO) for the past 36 years, where he served as the vice president of Planning and Legislative Services since 2002. He comes to IAEC with a vast array of skills and experience in leadership, management, member service, program development and communications.

Many know Soderberg from his time in the Iowa House, where he represented the 5th District since 2005. He sat on several committees, including the Commerce and Environmental Protection Committees, and he served as the chair of the Appropriations Committee. Prior to being elected to the House, Soderberg served on the Le Mars City Council from 1998-2004. He also served on several boards, including the Siouxland Interstate Metropolitan Planning Council, Le Mars Business Initiative Corporation and the Le Mars Chamber of Commerce.

Background

Hoover Institution's Mission: The overall mission of the Hoover Institution is, from its records, to recall the voice of experience against the making of war, and by the study of these records and their publication, to recall man's endeavors to make and preserve peace, and to sustain for America the safeguards of the American way of life. The Institution's goal is to point the road to peace, to personal freedom and to the safeguards of the American System.

AMERICAN OVERSIGHT

The principles of individual, economic, and political freedom; private enterprise; and representative government were fundamental to the vision of the Institution's founder. By collecting knowledge, generating ideas, and disseminating both, the Institution seeks to secure and safeguard peace, improve the human condition, and limit government intrusion into the lives of individuals.

Notable Attendees

As a follow up to the March 2nd Principals' meeting on the President's Infrastructure Initiative, we will be gathering in EEOB 472 at 2:00 p.m. on March 15th. The purpose of the meeting is to lay out in more detail how we plan on organizing this effort and the data gathering and policy coordination it will entail. This will be the first of many meetings as we try to pull together an integrated approach to infrastructure.

AMERICAN OVERSIGHT

Attached please find an agenda for the meeting and list of participants (if you would like to add a participant, please contact Austin first as space is limited), the memo and presentation handed out at the Principals' meeting on March 2nd, some background on FPISC, and an Executive Order on high-priority projects.

In terms of your involvement, we would like to hear any ideas you have that fall into 6 categories outlined in the attached memo. This meeting will not be long enough for us to discuss any ideas in depth. Instead, I would prefer to have you just give the group bullet points on potential avenues of exploration; so we are able to develop some synergy as a group.

If you have any questions, please reach out to Austin at [redacted]

Ryan,

Coming to you first, and wanted to see if you have time to meet in the next week or so or if you could point us in the right direction for a meeting at EPA, especially on RCRA.

Our client Bloom Energy, a fuel cell manufacturer that runs its fuel cells on natural gas, has tried to work through EPA regulations and we would like to come in and discuss. Here is the short version: Bloom uses a de-sulfurization unit to extract sulfur from natural gas as it enters the fuel cell stacks. In doing so, the units capture a trace amount of benzene, a regulated chemical.

We'd love to talk to you or someone on your staff about this and can bring their General Counsel either next week (the 20-24) 27th or after April 4th. Let me know what works on your end.

Thanks,
T.A.

Somehow, we managed to let our Acting Deputy Administrator's birthday pass by without recognition. To make up for it, please come down to the Deputy's office at 12:30 today to sing the birthday song for the sake of Mike's embarrassment, and let's all eat a cookie together.

AND Shhhhhhhh! Keep it quiet. He told me he didn't want me to do anything, but I know he was lying.

PS: Please forward if you see someone's name missing.

AMERICAN OVERSIGHT

My meeting (accompanied by our economist, Michael McManus) is scheduled for Tuesday April 21 at 11 AM with Barry Breen, and presumably OLEM staff. You asked me to tell you so that you could send someone to attend. Charley Maresca, the Director for Interagency Affairs and me are also meeting with Samantha Dravis on the following day to address this and other issues (SBREFA panel procedures and regulatory reform).

At this meeting with OLEM, I'd like to discuss our comment letter, EPA's preliminary response to this letter, and EPA's plans to work on this rulemaking during the 120 day comment period extension. We'd like EPA to issue a NODA with additional EPA analysis. We also could briefly address 108(b) and the three "other" industries.

David, who is being assigned to this issue within the transition team (and possibly OP?)

George, I thought I'd copy you on this note since this issue is of major significance. Feel free to contact me.

Time 11:00 AM – 12:00 PM
Subject CERCLA 108(b)
Location 3304 North/call in: (b) (6) & conference code: (b) (6)
Show Time As Busy

I realize some folks are out on Friday, but need to circle back on this issue this week. My schedule is pretty open and can move things around after 10 am to accommodate if there is a better time on Friday.

AMERICAN OVERSIGHT

Hello OGC:

Anyone connecting to the OGC ALL Hands via Adobe Connect (link below) should not call into the 866 audio conference call in number to avoid sound feedback problems.

We would like to be able to see our remote and teleworking OGC staff on the screen via Adobe Connect, so please turn on your video-cameras for this meeting.

http://epawebconferencing.acms.com/ogcallhands0504 2017/ <http://epawebconferencing.acms.com/ogcallhands050 42017/>

OGC Colleagues: The Quarterly All Hands meeting will not be in room 1153 WJC East due to the unavailability of video-teleconference or data connections there due to the renovations of the room. However, we will stick to the May 4 date to give our invited guests time to prepare and certainty on all of our calendars.

We look forward to introducing our new Deputy General Counsels, as well as, other members of the Administrator's Office team. Also, remember if you have any questions you would like addressed by the OGC management team, but are uncomfortable raising them publicly, you should feel free to place them in the OGC suggestion box located in the 7th Floor large pantry. Thank you.

Regions: Please inform RTP on which room you will be using if connecting via video. Thank you.

Subject: Q&A Session on OMB guidance M-17-22 "Comprehensive Plan for Reforming the Federal Government and Reducing the Federal Civilian Workforce"

All – we look forward to our Q&A session on OMB Guidance M-17-22 "Comprehensive Plan for Reforming the Federal Government and Reducing the Federal Civilian Workforce" for agency staff this Friday from 1:30-2:30pm. We've had a number of requests for more than 1 attendee per agency. Given we are unable to set-up a call-in, we have changed rooms at GSA to 1459 and 1460 and we can now accommodate 2-3 people per agency. Please RSVP to pmc.support@gsa.gov <mailto:pmc.support@gsa.gov> <mailto:pmc.support@gsa.gov> by COB tomorrow (5/3). To help us prepare for the session, you can also send-in questions ahead of time to the same email address.

Thank you,

Asma Mirza

AMERICAN OVERSIGHT

Agency Leads,

OMB is hosting an open Q&A session on OMB guidance M-17-22<https://www.whitehouse.gov/sites/whitehouse.gov/files/omb/memoranda/2017/M-17-22.pdf> "Comprehensive Plan for Reforming the Federal Government and Reducing the Federal Civilian Workforce" working group session on Friday, May 5th from 1:30-2:30pm at the main GSA building, located at 18th and F St NW, room 1425. The purpose of the session is to answer questions agencies staff who are developing the Agency Reform Plans may have about the guidance, provide updates, and determine what future meetings might be useful for this group. While this invitation is going to the Agency Leads identified by the President's Management Council members, please feel to send one representative that is most appropriate for the discussion. The OMB participants include Mark Bussow, OMB Performance Team Lead, and Kristy Daphnis, OMB Personnel Team Lead.

Please RSVP by COB Monday, May 1st to pmc.support@gsa.gov <mailto:pmc.support@gsa.gov> <mailto:pmc.support@gsa.gov> with the name and title of the attendee. As a reminder, please bring a government-issued photo ID such as a PIV card to access the building.

Thank you.

I am writing to request a meeting with you on behalf of our client the PHS group, which consists of a coalition of companies involved in the Portand Harbor Superfund cleanup. My colleague Howard Schweitzer recently met with your colleague Mandy Gunasekara on another non-related issue and she identified you as the best contact within EPA to discuss our particular issue.

PHS consists of 3 of the primary stakeholders that are involved in the next phase of the Portland Harbor Superfund clean-up plan. It is the intention of PHS to work with the EPA, and other primary stakeholders, to not only advance, but to expedite the clean-up plan. We do however have some ideas on how best to accomplish this in a way that would be beneficial to all parties involved.

UPDATE TO INCLUDE THE SF 58 SECTION WORKING MATRIX AND CALL IN NUMBERS

Call in numbers:

[redacted] code [redacted]

All –

To follow up from Friday's afternoon meeting, I would like to schedule our next follow up meeting this Wednesday, May 24th at 3:30pm.

For your information, the Administrator formally announced the Superfund Task Force this afternoon through a press release. Our working draft memo was included and discussed in the press release. https://www.epa.gov/newsreleases/epa-announces-superfund-task-force

Kell wanted you to have a sense of his vision for proceeding. First, this is inclusive. Those of you that wish to participate please do. Second, we will also try to involve all of our Regional Superfund Division Directors if possible. Our first meeting will discuss initial groundwork for the Task Force, including our general directive. While we could easily overwhelm the process with goals, it would be the intent that we agree on 8-10 goals based on input and the Administrator's directive. Based on those identifications, we will determine a captain

AMERICAN OVERSIGHT

for each goal or segment, should we determine to combine some of these areas. To efficiently use our time, I suggest we allow that Captain to choose their resources. Kell intends to sit in on the meetings of these various teams. After the teams have formulated their strategies, we will reconvene as a group and hear the presentations. It will be each of our responsibilities to vet the strategies and be sure others are not warranted or suggest deleting some. Once these are set, the teams again will do individual work to prepare action steps, time frames and assignments. Our final meeting should then be to adopt the plan, agree on final form and prepare for its presentation. Once approved all we have to do is make it work.

This is intended to be as least time invasive as possible-three large group meetings and a number of smaller ones. We are asking Jim Woolford to send out to all of you the 58 section work paper that he, Cyndy Mackey and Byron Brown put together. This will allow a great jump start to each of our thought processes as far as perhaps some goals, some strategies and some steps. This is going to be a great effort. Thanks to all of you for your work to date and for that which you will be contributing in the future

Questions submitted by the IMF:

AMERICAN OVERSIGHT

Economic and environmental regulations

* Please share your views on the effectiveness of various EPA programs on environmental safety. How to you see the trade-off with respect to economic costs. (Office of Policy)

Policy priorities, views, and plans

* What are the main areas for reform (developing and enforcing environmental regulations, grants, research & partnerships, education)? (Office of Policy)

Please discuss views and plans with respect to:

- federal coal leases and the Stream Protection Rule (Department of Interior issues)

- the Clean Power Plan (CPP) targets for emissions of carbon dioxide (Office of Air and Radiation)

- limits on methane emissions and curbs on venting and flaring (Office of Air and Radiation)

- fuel economy and emission standards for cars and trucks; are they too onerous for the automobile industry in the EPA's assessment (Office of Air and Radiation)

- renewable fuel standard for biofuels (Office of Air and Radiation)

- Paris COP21 agreement and plans to ratify the agreement and achieve emission goals. (Office of Air and Radiation)

* What are your views on introducing a carbon tax and a border adjustment for carbon content of imported goods? (Office of Air and Radiation)

Budget

* Please discuss the potential implication of proposed funding cuts envisaged in the President's budget on EPA's delivery of grants, regulatory enforcement and staffing. (Office of the Chief Financial Officer)

DJ asked that I set up a policy coordinating working group to begin focusing on what the bill is going to look like and some of the bigger policy proposals that will be included. The composition of this working group is intended to be at the level just below deputy principals. With infrastructure being so big in scope, our plan is to have a series of meeting over the next few weeks dedicated to various topic of the bill. We would like for our first meeting to be next week, which will focus permitting. It is tentatively scheduled for Thursday, June 1 from 3 - 5 in EEOB 472. If I can find conference room availability for Wednesday at that time, we will have this meeting Wednesday from 3 - 5. I will let you know on Tuesday morning if I am successful in finding a conference room for Wednesday and send out the WAVES link for access into the EEOB.

Here is a summary of the permitting section. It does not include a final list of all the permitting lane 5's we have been discussing. We are still working through those. Rather, it shows the topic areas that the permitting section will cover and some of the broader ideas that we intend for those sections to cover. For this meeting, we will discuss the proposals that should be included under those sections.

AMERICAN OVERSIGHT

Swift Fuels' corporate leadership, Chairman Rob Broin, and CEO Chris D'Acosta, will be in Washington D.C. on June 6, and 7, and the morning of June 8. Rob Broin is Founder and Chief Technology Officer of Broin Companies (which is now a part of POET, LLC). Both bios are attached.

Swift Fuels is a cutting edge global leader in the development of high-performance unleaded aviation fuels. Rob and Chris would like to brief you on the status of the Piston Aviation Fuel Initiative (PAFI), of which Swift Fuels is a finalist, as well as the future of unleaded avgas at the EPA and FAA.

BACKGROUND

Swift Fuels, headquartered in West Lafayette, IN, is a global leader in the development of high-performance unleaded aviation fuels. In response to the general aviation industry's need to eliminate lead emissions, Swift has developed a 102 Motor octane unleaded aviation gasoline, a replacement for the leaded aviation gasoline (100LL) used in piston-powered aircraft today.

LEADED AVGAS

* Prior to environmental pressure thirty years ago, the lead concentration in general aviation fuel was double what it is today.
* 100LL is being scrutinized as it is currently the source of nearly 50% of annual domestic lead emissions.
* On October 12th, 2006, a petition was filed with the EPA asking the EPA to determine whether lead emissions from general aviation pose a significant risk to human health.
* If sufficient information was found, the EPA was asked to make a formal Finding of Endangerment to public health and welfare. This would result in the regulation of lead emissions caused by the combustion of 100LL.

The Piston Aviation Fuels Initiative (PAFI)

* In response to the petition, the FAA, working in collaboration with the EPA, established PAFI, a government and industry partnership, to facilitate the development and deployment of a new unleaded aviation fuel that can be readily available across the GA fleet.
* In September 2014, the FAA accepted four fuel formulations into the PAFI Phase 1 test program.
* In 2014, the FAA received 17 fuel formulations from six companies, four of which ultimately were accepted into the PAFI Phase 1 test program, including Swift Fuels.
* In March 2016, the FAA announced fuel formulations from Swift Fuels and one additional company were selected for Phase 2 engine and aircraft testing. The testing will begin this summer and conclude in 2018.

AMERICAN OVERSIGHT

ISSUE

* Upon completion of the Phase 2, Swift Fuels is seeking FAA fleet-wide certification for its high-octane fuel, under the coordination of the FAA's PAFI program
* Per 49 U.S. Code § 44714, an EPA endangerment finding under the Clean Air Act gives the FAA the authority to prescribe and enforce standards for aircraft fuel.

49 U.S. Code § 44714

The Administrator of the Federal Aviation Administration shall prescribe—

(1) standards for the composition or chemical or physical properties of an aircraft fuel or fuel additive to control or eliminate aircraft emissions the Administrator of the Environmental Protection Agency decides under section 231 of the Clean Air Act (42 U.S.C. 7571 <https://www.law.cornell.edu/uscode/text/42/7571>) endanger the public health or welfare; and

(2) regulations providing for carrying out and enforcing those standards.

Subject: RE: Sec 3 Registration for Mosquitos

Nancy,

Many thanks for your time this week, and for the time that you put into coming up to speed on this very complex matter.

We are very pleased to hear that OPP has confirmed that we can submit a Section 3 application before the transfer of jurisdiction, and we have started ramping up the resources to complete our Section 3

AMERICAN OVERSIGHT

application as soon as possible.

As we discussed the other day, this process has become quite complicated, with a number of different aspects of it with different agencies, and a number of possible regulatory outcomes. Before we focus all of our efforts on the Section 3 application, I'd like to confirm a couple of key points that are crucial to ensure that we are able to release OX513A males in the summer of 2017. First, that FDA will finalize the guidance to transfer jurisdiction to EPA as soon as possible. As I believe I mentioned on Thursday, OGC has taken the position that EPA cannot issue a Section 3 registration until jurisdiction has formally transferred from FDA (which, as a legal matter, I believe is correct). Therefore, that transfer should take place as soon as possible. FDA has essentially been waiting on Dr. Gottlieb to be confirmed before moving on this action. It is my understanding that once the FDA staff has his concurrence the transfer can be effected almost immediately. Second, that OPP is prepared not only to accept a Section 3 application, but will diligently proceed to evaluate it expeditiously and be in a position to render a decision in time to enable 2017 releases. As we discussed, there is a substantial body of data available that demonstrates the safety and efficacy of OX513A, and I fully believe that these data are sufficient for purposes of a registration. We have previously been told by BPPD that new toxicity data must be submitted to qualify for a registration. As I noted, I have been reviewing, defending, and issuing pesticide registrations since the 1990s, I do not believe that the new data are necessary for the registration – given the substantial existing database on the safety and efficacy of OX513A. We are developing these data, and we would be pleased to submit them post approval, i.e., we would be pleased to accept a conditional registration with the understanding that the data will be submitted within any reasonable time frame that EPA sets. The new data are not necessary, however, to meet the FIFRA standard and register OX513A now.

It is my understanding that this is where Thursday's meeting came out. Before we reach out to Rick and BPPD, however, to discuss the details of developing and submitting the Section 3, I wanted to confirm this understanding.

Please feel free to contact me at the number below, or on my cell phone at 240 483 7786 at any time that is convenient for you.

Again, many thanks for your attention to this matter.

Best,

AMERICAN OVERSIGHT

Tom, Roy, and Keith,

It was a pleasure to meet you all today (and yesterday). The work you are doing is fascinating to me, not to mention the large potential public health significance.

I've checked with Rick Keigwin, the Acting Director of our Pesticides office, and he has confirmed that you can indeed submit the registration request, and begin the process, before the authority is transferred from FDA to EPA. Rick is cc'd above if you have any specific questions about how to make this happen. I'm sure his staff can provide assistance.

Regards,

Nancy

Where: Clinton North 1433 conference room

Hello all,

A group from Earthjustice is in town for a DC visit/week and asked if you could meet with them on Tuesday. Here is the note they sent to us to get the meeting started:

I am writing to request a meeting with DAA Shaw on Tuesday, June 13th. We – Earthjustice – are working with Physicians for Social Responsibility, Moms Clean Air Force, Interfaith Power and Light, National Parks Conservation Association, Asthma and Allergy Foundation of Missouri, Hoosier Environmental Council, and a few others, on a lobby day fly-in to support the Clean Air Act and strong public health safeguards, and in particular the need for strong ozone protections.

We have about 30 people representing six states and in addition to our Hill meetings we would like to also send a delegation to meet with the right people at OAR. Additionally, it would be great if someone from the EJ Office could join. We'll put in a separate request over there, but wanted to flag that for you, in the hopes that the schedules could align.

Could something work next Tuesday? Please give me a call if you have any questions about the fly-in or this request.

I spoke with Terry McGuire from Earthjustice and he thinks we will likely have 4-8 people at this meeting from their organization.

RE: Meeting request - 6/14

Greetings. I represent the American Concrete Pressure Pipe Association. Our members products are used in drinking water and sewer applications in 90 of the top 100 metropolitan areas in the United States.

ACPPA is a strong support of the SRF program. Maintaining and increasing funding for the SRFs is a priority legislative issue for our organization.

Our association's president - Richard Mueller - will be in Washington, D.C.

on Wednesday, June 14. We'd like to meet with someone in your office to introduce ourselves, establish a line of communication on SRF administration/implementation issues and learn more about current issues and challenges facing these important programs.

Thank you for considering our request.

This Friday from 10 - 12, we will have our 2nd infrastructure policy coordinating working group meeting in EEOB Room 430 to talk about the "Incentives" portion of our proposed bill. I will send out a one-pager this afternoon that will guide our discussion. I have only included the following agencies that fund the following infrastructure classes:

Transportation
Water Resources (USACE/Bureau of Rec)
Storm water, Wastewater and Drinking water Systems (EPA, USDA)

Also, for access to the building, I am able to add the following individuals:

Robyn Colosimo
Byron Brown
Olivia Ferriter
Matt Fountain
David Grahn
Matthew Kopko
Jim Ray
Jim Renne

Everyone else (including people who may not be addressed in the email, but who you may wish to bring) will need to submit his or her information through the following link:

Subject: Rural Prosperity Task Force Follow up

Thank you to everyone for coming to the Inaugural Kickoff meeting of the Rural Prosperity Task Force. We are looking forward to getting to work.

You may recommend up to 2 individuals to participate in each workgroup, for up to 8 total individuals from each agency. Individuals may be assigned to more than one workgroup, if appropriate. Where your agency's core mission does not relate to a particular workgroup, there is no need to submit an individual for participation in that workgroup. Please submit the names, titles, and email addresses of your working group nominees to ruralprosperity@osec.usda.gov <mailto:ruralprosperity@osec.usda.gov> . Additionally, if you would like to submit a statement for the record, please submit statements to this email address by Friday, June 23rd.

Please hold June 29th for the first workgroup meetings at the USDA. The workgroups will meet during the times below.

* Quality of Life 9-10 AM

* Reliable Workforce 10:30-11:30 AM

* Innovation, Technology, and Data 1-2 PM

* Community Development 2:30-3:30 PM

We need to follow up w RJ at scheduling on this. See below. I think we just need to do the taskforce on community development (ie brownfields- I spoke about it at the first taskforce meeting and Perdue loved it) on June 29 from 2:30- 3:30. Can you attend, Byron, David or Justin? Kell is in MO that day.

This follows up on my email a couple of weeks ago about trying to set up a meeting with USWAG to discuss its petition and potential changes to the rule. It looked like this time worked for most people. It would be helpful to do a pre-meet to discuss options.

I expect USWAG will bring its outside counsel. Please invite DOJ. We can set up a call-in number if that is easier for DOJ.

Subject: [SCHEDULING REQUEST] Government Reform EPA-OMB July Meeting

Hello Mr. Flynn and Mrs. Greaves,

Thank you for all of your work that has already gone into M-17-22, the Comprehensive Plan for Reforming the Federal Government and Reducing the Federal Civilian Workforce. As you are aware, we expect your agency to submit a high-level draft of their Agency Reform Plan by June 30th, 2017. We are requesting a firm hold for a meeting time for July 17th, from 3:00 PM to 4:30 PM at the Eisenhower Executive Office Building to discuss your agency's submission with the relevant OMB principals. There will be more details to follow in regards to this meeting, but please confirm with us that this time has been reserved

Hi everyone –

An important part of the FY 2019 budget development process is the Senior Leadership Council meeting. This meeting brings together all the senior leadership, HQ and the regions, to discuss agency priorities and resource needs in order to inform decisions for the FY 2019 Budget due to OMB in mid-September. Given there are many people new to this effort, Tuesday afternoon is dedicated to hearing from the program teams to establish a common understanding before launching into Wednesday's planning and resource discussions. Wednesday's sessions begin by setting the stage with presentations and discussions on key building blocks for the FY 2019 budget followed by small group and full group discussions to identify programmatic options for consideration in the FY 2019 OMB Submission. On Thursday, updates are proposed on the First Line Supervisor Advisory Group efforts and Executive Order implementation.

An agenda with more details will follow shortly and be included in the meeting invitation. You should receive and invitation for each day

AMERICAN OVERSIGHT

since the times vary. In addition, invitations to the +1s for Wednesday, 7/19, will be sent separately.

If you have any questions please do not hesitate to reach out to Mike Flynn or me.

Thank you, Robin

Time 8:00 AM – 5:30 PM
Subject Senior Leadership Council Meeting - Day 2
Location WJC-N 3rd Floor, The Green Room
Show Time As Tentative

Hi everyone –

An important part of the FY 2019 budget development process is the Senior Leadership Council meeting. This meeting brings together all the senior leadership, HQ and the regions, to discuss agency priorities and resource needs in order to inform decisions for the FY 2019 Budget due to OMB in mid-September. Given there are many people new to this effort, Tuesday afternoon is dedicated to hearing from the program teams to establish a common understanding before launching into Wednesday's planning and resource discussions. Wednesday's sessions begin by setting the stage with presentations and discussions on key building blocks for the FY 2019 budget followed by small group and full group discussions to identify programmatic options for consideration in the FY 2019 OMB Submission. On Thursday, updates are proposed on the First Line Supervisor Advisory Group efforts and Executive Order implementation.

An agenda with more details will follow shortly and be included in the meeting invitation. You should receive and invitation for each day since the times vary. In addition, invitations to the +1s for Wednesday, 7/19, will be sent separately.

If you have any questions please do not hesitate to reach out to Mike Flynn or me.

Thank you, Robin

Subject: follow-up meeting on CERCLA108(b)

Mr. Jackson:

On behalf of Freeport-McMoRan, we appreciated the opportunity to meet with you on May 5, 2017, concerning EPA's Proposed Rule on Financial Responsibility for the Hardrock Mining Industry (CERCLA 108b). You may recall that at that meeting, we discussed key points in Freeport's written comments filed in the docket on that same date and provided you a hard copy of those comments. Our view is that EPA's proposed rule did not properly consider state programs governing hardrock mining, particularly mining on private lands, and significantly underestimated the economic impact of the rule on the hardrock mining industry. As we stated in that meeting, Freeport-McMoRan, a major U.S.-based company that is also the world's largest publicly traded copper mining company, updated its Risk Factor relating to this proposed rule in its Form 10-Q filed with the SEC for the first quarter 2017. In that update we indicated that it would be difficult, if not impossible, to obtain the level of financial assurance mandated under the proposed rule.

At the conclusion of our May 5 meeting you indicated that the agency would be interested in further understanding the demonstrated evidence regarding regulation of hardrock mining by state programs. We will be filing additional comments on the proposed rule in early July and those comments will include extensive information on the

AMERICAN OVERSIGHT

state programs relevant to our operations (Arizona, New Mexico, and Colorado). We would like share those observations with you.

Last, we are ready to discuss the administrative process and the prior involvement of the D.C. Circuit Court, including the deadlines in the settlement agreement between EPA and environmental groups and the Court's approval of those deadlines, over the formal written objections made by Freeport to the Court.

We are available to meet during the week of July 17 (our preferred dates), on July 7, or during early August on a day convenient for you. We look forward to having a follow-up conversation with you on this proposed rule that is financially material to our company

Dear Patrick,

Thanks for the response. How does 2:00 pm EDT on July 25 work? If not, is there another time that afternoon that would work? Thanks also for the note about the comment period --- Asarco will be submitting comments by that date as well.

Best regards,

Mark

Mark DeLaquil
Partner

I hope all is well. I am reaching out concerning EPA's CERCLA financial responsibility proposal. I represent Asarco LLC, which will be filing comments on the proposal. Asarco would also appreciate the opportunity to discuss its concerns with you or another appropriate EPA official.

Duane Yantorno, Asarco's Corporate Manager for State and Federal Regulatory Affairs, will be in Washington from Arizona in late July so I am hoping to schedule the meeting for either July 25, the morning of July 26, or July 28.

Please let me know if any of those dates work schedule-wise. If not, I can propose alternative dates. Also, if there is any other information I can provide to assist, please let me know.

One last note so that you are fully informed, in February I raised the possibility of a meeting with Kevin Minoli. We tabled the issue at that time due to the extension of the comment period.

Good Evening All,

We would like to remind you to continue compiling your lists of Programs and Grants that would contribute to our mission. Also, keep in mind any regulatory reform efforts that could be beneficial to our group as well!

Thanks!

Hi all, looking forward to our meeting tomorrow afternoon!

We'll meet here at USDA, since it's a relatively central location, and I can easily secure a room here.

Alex, we'd love to host you, if you can make it here – otherwise we'd love to have you join by phone, if you're available.

When you come to the front desk here at 1400 Jefferson Drive SW, please have your picture IDs ready and ask for Evelyn Suarez.

Thanks so much!
Jannine

Hi all, great news….here's the time where most (and perhaps all) of our calendars line up for a get together regarding allocation formula factors and goals/performance measures: Thursday at 1:30pm.

We can host at USDA, or we'd be happy to meet at DOT or CEQ. (Jim, Finch, and Alex – do you have a preference?)

Thanks so much and looking forward to it!

Subject: next steps on Rural proposal

Hi DOT and EPA teams, good morning!

Thanks again for making time on short notice for our conversations yesterday! Very, very helpful to think through this with you all.

And so that we can come closer to nailing down our collective best thinking on the Rural portion of the proposal, I'd like to schedule another get-together for next week, regarding formula options and performance/outcome metrics.

You'll be receiving a Doodle scheduling poll email in a few mins – this will easily allow you to check boxes for which dates/times you're available next week, and also see when others are available. Note that the location in the Doodle scheduling poll will say USDA Whitten building, however we can meet at DOT, EPA, or perhaps CEQ (if Alex and/or Allison would want to participate). Also, if you don't receive the email in the next hour or so, let me know (perhaps your agency's server may block it, so I'll attempt to resend directly to you).

Also, am happy to talk by phone if you have any questions. 202-597-0486 is my cell.

Subject: Correction of EPA's Blanket Prohibition on Beneficial Use of

Coal Combustion Residuals to Reclaim Clay Mines

Dear Mr Johnson;

I am writing on behalf of Charah, LLC ("Charah") to request that EPA correct an erroneous and counter-productive interpretation of the coal combustion residuals ("CCR") rule that imposes an absolute prohibition on beneficial use of CCR to reclaim clay mines. Details of our issue and request are included in the attached letter. Charah requests that after review of our letter and matters related to the issues, we, and other interested parties, be granted an opportunity meet with you and other appropriate EPA representatives to discuss the issues. A copy of the attached letter has been mailed to your office.

Charah appreciates your consideration. If there are any questions, please contact me at (502) 410-9295 at your convenience.

Thanks,

Danny Gray

Doug,

Thank you so much for the contact information. I enjoyed the meeting with you and your staff.

Cathy (my executive assistant) will be reaching out to Mr. Owen to get him involved in a meeting next week to discuss the reorganization proposal in more detail. Weare reaching out to our counterparts, USDA, Commerce, EPA, & ACE, to join DOI to discuss our proposal in detail. We will work to keep you and the other principals informed.

I look forward to working with you in the future.

Jim--It was good meeting you and Secretary Zinke yesterday and discussing the conceptual Federal alignment effort. As promised, I am providing you with a name of who will be my direct representative for the effort we discussed. Mr. Gib Owen will lead this effort and will coordinate with others in my office and the US Army Corps of Engineers, as appropriate. If there are other questions or issues regarding government reform efforts, Mr. Eric Hansen, my deputy for management and budget, is my lead on those issues.

Good Morning All,

Sorry for the last minute change. Unfortunately, we are having to reschedule this meeting due to multiple issues.

If you haven't sent in your recommendation work sheets, please do so. I will circulate what I have received at the end of the day today.

We will reschedule this meeting as soon as possible. Again, we apologize for the last minute change!

Thank you!

AMERICAN OVERSIGHT

Time 3:00 PM – 4:30 PM
Subject Pre-meeting for Deputies Meeting on Permitting
Location EEOB 350
Show Time As Busy

All--

The purpose of this meeting is to discuss significant policy provisions in the permitting section of the President's infrastructure legislative package. Prior to the meeting, we will send this group a draft of the permitting principles so that you are prepared to discuss any significant policy concerns or considerations on behalf of your agencies. Agency staff who are key to the permitting/project delivery discussion should plan to attend. Deputies may attend this meeting if they'd like, but it's not necessary or expected that they attend.

Note that the subject meeting is a pre-meeting for an Agency Deputies meeting on the permitting section we will hold August 31 to ensure Deputies are informed regarding these proposals before the infrastructure package is finalized for release. The room for the August 31st Deputies meeting will accommodate a +1 for each Deputy, so the +1 should plan to attend this pre-meeting on August 24th.

If you are able to attend and need to be cleared into the building, please use the link and information below. Should you have any questions, please reach out to me at [redacted] or [redacted]

Thank you,
Allison Rusnak

CLEARANCE INFO:
Enter your name and residence exactly as it appears on your government issued ID. Please Ensure All of Your Information is Correct. NOTE: US Secret Service recommends all parties be submitted 24 hours in advance to have ample time for secure screening. No parties are allowed to be added within 1 hour of a meeting time.

[redacted]

Should you have multiple people in your party, you can use the same link to share with each guest to submit their security information separately or when redirected to the form, skip down to the bottom and click "Add Guests", which allows you to fill out everyone's information at once.

ARRIVAL DETAILS:
Enter the White House complex through the Visitors Entrance at 17th St NW and State Place NW. Please remember to bring a government issued form of identification.
Once given your appointment badge please enter the Eisenhower Executive Office Building and continue to EEOB 350 on the 3rd Floor.
Please note: If any foreign nationals are in your party please alert me in advance so we can escort your party to the office.

WELCOME REMARKS – Sam Coleman, Acting Regional Administrator

WEATHER/STORM FORECAST –

NOAA tracks the storm and up-to-date information is available at http://www.nhc.noaa.gov/ .

MANDATORY EVACUTION UPDATE –

Update of local jurisdiction Reports

FUEL AVAILABILITY UPDATE –

Update of State Reports

STATE/TRIBAL FEMA ASSISTANCE REQUEST STATUS –

As of today, FEMA has not received any assistance requests from the

AMERICAN OVERSIGHT

states of Texas or federally recognized tribes. Texas Governor Abbott has declared state of disaster for 30 counties. Louisiana Governor John Bel Edwards declared a state of emergency for the entire state of Louisiana in anticipation of severe weather as a result of Hurricane Harvey.

EPA READINESS/PREPAREDNESS –

While EPA has not been formally tasked by FEMA at the request of impacted states or tribes, EPA is

SUPERFUND NPL SITE STATUS –

In preparation for severe weather impacts, EPA assesses conditions at the NPL Superfund sites in the storm's pathway to identify potential impacts and countermeasures. Following the storm and receding floodwaters, EPA conducts rapid assessments to identify damage at sites and initiate cleanup plans if necessary.

PRIMARY INDUSTRIAL FACILITIES –

In preparation for severe weather impacts, EPA assesses conditions at the major industrial facilities in the storm's pathway to identify potential impacts and countermeasures. Following the storm and receding floodwaters, spills and releases are reported to the National Response Center. NRC notifies US Coast Guard or EPA based on preapproved jurisdiction boundaries. EPA conducts follow up inspections and damage assessments in response to reports within EPA jurisdiction.

PUBLIC WATER SYSTEM STATUS –

About 300 Public Water Systems are in the path (red zone) of Hurricane Harvey in Texas. Water systems often have problems due to flooding or loss of power during Hurricanes. Region 6 has developed a tracking system for us to identify systems in the storm's pathway. Both Texas Commission on Environmental Quality and Louisiana Department of Hospitals have uploaded their potentially impacted systems into Response Manager which enables planning for rapid assessments to restore water systems after the storm passes and flood waters recede.

EMERGENCY FUEL WAIVER STATUS –

The typical emergency fuel waiver request follows a path something like the following. An industry member will identify a failure in the fuel distribution system or at a refinery and raise it to Kurt, DOE and/or the state and Region. Since gas stations typically take deliveries two to

AMERICAN OVERSIGHT

three times per week, we normally have 24-72 hours before the system failure will lead to a retail shortage. In that time, the EPA/DOE team will hold calls with the potentially impacted state and industry to validate the issue and confirm relief is justified. Once an issue has been identified, the state air director on behalf of the governor will make a request for specific relief. The OECA team drafts a letter granting the relief for the Administrator's signature. DOE and OAR give concurrence on the letter and it is sent to the Administrator for signature. The signed waiver is quickly then disseminated to the impact states and industry members. The EPA press team will also issue a press release to increase awareness of the actions being taken to address potential fuel shortages.

COMMUNICATIONS UPDATE –

DHS Public Affairs initiated the National Incident Communications Conference Line on Thursday, August 24 and calls continue daily. The NICCL is a standing conference line designated, maintained, and supported by DHS Public Affairs as the primary means for interagency incident communications information sharing during an incident requiring Federal coordination. DHS Public Affairs provides guidance to Federal interagency public affairs headquarters staffs and affected authorities through the NICCL.

AMERICAN OVERSIGHT

Time	2:00 PM – 2:45 PM
Subject	Meeting with Presidents of North America's Building Trades Union and United Association: Permitting and Construction of Infrastructure
Location	DCRoomARN3500/OPEI
Show Time As	Tentative

Directions: Please use the William Jefferson Clinton North Entrance located on your right as you exit the Federal Triangle Metro Station. Please arrive 10 minutes prior to the meeting with photo IDs to clear Security.

EPA Contact: For an escort from Security to the meeting call (202) 564-4332; for all other matters call Robin Kime (202)564-6587.

Attendees: TBD

Request: On behalf of the combined 3.5 million members of the United Association (UA) and North America's Building Trade Unions (NABTU), I request the pleasure of a meeting with you, President Mark McManus of LIUNA and President Sean McGarvey of NABTU on July 5th 2017. UA and NABTU members care about infrastructure; and that is what we would like to discuss with you. Our members often benefit from the good paying jobs that are a byproduct of development and deployment of all types of infrastructure, from pipelines, to highways and waterways. UA and NABTU have a track record of supporting projects that will create union jobs and we maintain an all of the above approach to energy development.

We are particularly enthused to see the department's efforts to streamline project permitting. An acceleration of permitting and construction of infrastructure carries with it the potential to create thousands of jobs with extensive economic multiplier effects across the United States economy. Specifically we would like to discuss how we work together on the Administration's infrastructure development agenda and share our ideas for public policy that will further our mutual goals: jobs and a growing economy.

Subject Deputies Meeting on the Permitting Section of the Infrastructure Legislative Proposal
Location Cordell Hull, EEOB 208
Show Time As Busy

The National Economic Council will be hosting a Deputies Meeting on the Permitting Section of the President's Infrastructure Legislative Proposal on Thursday, August 31st at 3:00pm in Cordell Hull, EEOB 208. The purpose of this meeting is to discuss significant policy provisions in the permitting section of the President's infrastructure legislative package. The permitting legislative principles build on the Executive Order the President signed on August 15th and include proposed reforms to laws and policies that unnecessarily hamper infrastructure permitting, funding, and delivery. The permitting section has been developed with staff across the Executive Branch, and this meeting will ensure Agency Deputies are informed regarding these proposals before the infrastructure package is released in September.

Please let me know if your deputy is able to attend. Each deputy is able to bring a +1.

If you are able to attend and need to be cleared into the building, please use the link below:
